### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests a fringe field switching mode LCD or a method of making a LCD wherein the LCD comprises a pixel region defined in a space formed by the gate lines and data lines, a first transparent electrode formed in the pixel region and *divided in at least two regions having opposite polarities*, a second transparent electrode insulated from the first transparent electrode, the second transparent electrode being *divided in regions as many as the first transparent electrode*, a data voltage being applied to the second transparent electrode in a first region and to the first transparent electrode in a second region via a common electrical connection, *the sum of the two data voltages applied to the pixel region having a zero voltage (the average sum of the whole data voltages applied to the pixel region has a zero voltage).*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Tai Duong at telephone number 703 308-4873.
